Notice about the risks of transplation failure

Petrofka Orchard is not responsible for the success rate of the transplantation of our shrubs and trees. We strongly recommend before purchasing our shrubs and trees to be well informed of the variety and optimal hardiness zones for each species you are planning on buying. When buying trees and transplanting them you must be aware of the possibility of failure. **YOU ARE BUYING AT YOUR OWN RISK.**

Reserving your shrubs and trees several months in advance

You can reserve your plants by email (diana@petrofkaorchard.com) or by telephone (306-497-2234) several months before the beginning of the season which typically begins mid-May. You may either pay in full or put down a deposit of 35% to administer the order and secure the purchase. Diana Fedosoff. will confirm the details of the order with the customer by email or phone.

Payments

During the order process, the details of the order are reviewed as well as the payment terms. The payment methods preferred are by cash or E-transfer. (Credit Card payments will incur a 3% convenience charge) E-transfers are payable to diana@petrofkaorchard.com and credit care payments will be taken over the phone. The total amount of the transaction, including taxes will be specified by email through an order receipt sent by email to the customer.

Order cancellation

If in any case, the customer wishes to cancel the order he has reserved by email or phone with the 35% deposit already sent and cashed, the full refund is possible but the cancellation request must be made 2 months in advance in which case, the nursery has reserved the right to refund a 15% of the deposit as a penalty for loss of potential sales and restocking operation. However, the customer can change the quantities and varieties of the order if It's done 30 days before shipping operations.

Pick-up information

All plants must be picked up at Petrofka Orchard – no deliveries will be made. Customers will be notified when the plants are ready to leave the nursery and must be picked up 2 weeks after notification date. We project this date to be May 15th and with a pickup by May 31st but all customers will be notified as soon as the date is finalized. If orders are not picked up on before that date, the plants will go back into the inventory for resale. A refund will be given, less a 15% penalty fee for loss of potential sales and restocking operation.
